Offer Description

PUBLIC ANNOUNCEMENT

(International tender for the position of Assistant Professor, in the subject area of Computer Science, at the Faculty of Science and Technology of the University of Algarve)

By ordinance dated October 7, 2024 issued by the Rector of the University of Algarve, an international tender for the position of Assistant Professor is open in the subject area of Computer Science, at the Faculty of Science and Technology of the University of Algarve. The tender will be open, for a period of 30 working days, starting from the working day immediately following the publication of this announcement in Diário da República (the Official Portuguese Gazette).

This tender is governed by the provisions of Articles 37 to 51, 61 and 62-A of the Estatuto da Carreira Docente Universitária (Career Statutes for University Academic Staff, forthwith referred to as ECDU), in its current version, as well as the Regulation for the Tendering of Personnel for Teaching Careers at the University of Algarve, Regulation no. 520/2010, published in Diário da República, 2nd series, no. 111, on 9 June 2010.

This tender will be published in the Public Employment Exchange (BEP), within 2 working days, after its publication in Diário da República, as decreed by Law no. 78/2003, of 23 April. It will be advertised on the

Euraxess Portugal portal at <https://www.euraxess.pt>, and on the University's website, in both Portuguese and English, in accordance with Article 62-A, paragraph 1, of ECDU, in its current version.

The purpose of this tender is to fill three (3) positions, in the form of a non-fixed-term contract as a government employee, in accordance with Article 25 of ECDU. The tender will end once the positions have been filled.

The rector is authorized, under Article 92, paragraphs d), e) and q) of Law 62/2007 of 10 September, to cancel the tender in the event of extenuating circumstances.

In compliance with Article 9, paragraph h) of the Constitution of the Portuguese Republic, Public Administrations, actively promote a policy of equal opportunities for employment and career progression between men and women, taking every possible measure to avoid any kind of discrimination.

I - Admission requirements

a) Applicants must hold a doctoral degree in Computer Science or Computer Engineering or a related area, in a speciality considered appropriate for the scientific area in which the tender has been opened, as foreseen in Article 41-A of the ECDU.

i) Holders of a doctoral degree obtained outside Portugal must prove their degree is recognized in Portugal under the terms of Decree-Law No. 66/2018, of 16 August and other applicable legislation.

ii) Applicants to whom the previous subparagraph applies who do not provide proof of recognition before the end of the application period, will be excluded from the tender.

b) Applicants must be fluent in the Portuguese language, both spoken and written.

i) Non-native speakers of Portuguese must provide proof of proficiency through presentation of an officially recognized diploma, from the Common European Framework of Reference for Languages of the Council of Europe (proficiency level B1) by the end of the term granted for the contract's signature, if applicable.

c) Meet the general requirements for employment in public functions foreseen in Article 17 of the Labor Law in Public Functions, contained in the Annex to Law No. 35/2014, of 20 June, in its current wording, unless exempted by the ECDU.

2 - Applicants will be excluded from the tender procedure if they:

i) Do not hold a doctoral degree in Computer Science, in a speciality considered as appropriate for the scientific area in which the tender has been opened, in accordance with Article 41-A of ECDU.

(ii) Do not hold a recognized doctoral degree, by the closing date of the tender, if their qualification is from a foreign institution;

iii) Do not submit the required documents stipulated in the Public Notice, within the designated deadline.

3 - The selection committee will notify the candidates of their admission or exclusion, by e-mail with receipt of delivery, for the purpose of prior hearing.

II – Admission requirements in absolute merit and their assessment:

1 - Acceptance of applicants on the basis of absolute merit will depend on, cumulatively:

a) Possession of a curriculum that the jury considers to be of scientific merit and that demonstrates research capacity compatible with the scientific area and category for which the tender is open.

b) Authorship or co-authorship of at least five (5) scientific texts, in the form of articles, scientific books or book chapters, with scientific arbitration, relevant to the disciplinary area where the competition is open, in the last five (5) years.

c) The applicant should have proven experience in Computer Science, Computer Engineering or a related area.

2 – A vote against admission in absolute merit must be based on the non-observance of one or more of the criteria indicated in the preceding section.

3 - In order to assess the absolute merit of the applicants, each member of the selection committee will independently submit a list of the applicants that do not meet the requirements indicated in paragraph 1 of point II, providing a written justification for their decision, and the selection committee shall then proceed to vote on each of those proposals, in accordance with Article 50, paragraph 1, subparagraph b) of the ECDU, no abstentions being allowed.

4 - An application will be rejected on absolute merit if a majority vote in favour of this, by the members of the selection committee present at the meeting is reached. The justification for exclusion of the applicant will be an integral part of the meeting minutes.

5 - The selection committee will notify applicants of the admission or exclusion based on absolute merit, by means of e-mail with a receipt of delivery, for the purpose of a preliminary hearing.

III — Application instructions

1 – The application must be submitted by means of a request addressed to the Rector of the University of Algarve, available on the website of the University <https://www.ualg.pt/procedimentos-concursais>. It may be submitted:

5 - The curriculum vitae and respective appendices must be systematized in the order of the parameters and factors listed in point V of this Announcement. Failure to comply with this order may result in information not being considered for evaluation.

6 - According to Article 7, paragraph 2 of the Regulation governing tenders for the contracting of lecturing personnel for the University of Algarve, the hiring committee may request additional documentation related to the submitted curriculum.

IV – Public Hearings

1 - The jury may decide to hold public hearings, on an equal footing for all applicants, and pursuant to the terms of Article 50, paragraph 4, subparagraph b) of the ECDU and pursuant to Article 7, paragraph 2, of the Regulation governing tenders for the contracting of lecturing personnel for the University of Algarve;

2 - If the tender jury decides to hold the hearings referred to in the previous paragraph, the conditions and scheduling of the hearing shall be announced to the applicants at least eight (8) days in advance.

V - Evaluation parameters and seriation in relative merit, respective weighting and final valuation system

The curricular evaluation focuses on the activities developed by the applicants, in the disciplinary area of the tender, preferably in the scientific areas of Computer Security or Parallel and Distributed Computing and its adequacy to the category of Assistant Professor, considering the following parameters and respective weightings: scientific performance (50%), pedagogical capacity (30%) and other activities relevant to the University's mission (20%).

The evaluation in each parameter is based on the factors indicated below for each parameter and will be expressed on a scale of 0-100 points.

A) Scientific Performance, with a weighting of 50%. In the assessment of scientific performance, the following factors will be considered:

a) Scientific production - Quality and quantity of scientific production (books, book chapters, Articles in indexed international journals, communications at conferences) expressed, namely, by the number and type of publications in indexed international journals and by the recognition given to them by the scientific community (translated as the quality and reference made to them by other authors) (30%);

b) Participation in scientific research projects with external funding, taking into consideration the project's dimension, scientific-technological level, degree of innovation and project results, including final evaluation when applicable (10%);

c) Supervision of academic work: supervision of advanced training, namely supervision of doctorates (5%);

d) Participation as an editor of international journals, reviewer of publications in international journals, applications for research grants or advanced training and scientific projects (5%).

B) Pedagogical capacity, with a weighting of 30%. with a weighting of 35%. In the evaluation of pedagogical capacity, the following factors will be considered:

a) Lecturing activity - Quality and diversity of the lecturing activity developed by the applicant, taking into account, among other relevant factors, the results of opinion polls (e. g., pedagogic surveys), which should be mentioned in the curriculum, whenever available (10%);

b) Participation in juries of academic examinations (10%);

c) Other pedagogic activities - Quality and quantity of pedagogic material and publications of a pedagogic nature produced by the applicant, other activities with an impact on the teaching-learning process carried out by the applicant, including training internships for young graduates or masters (10%).

C) Other relevant activities for the University's mission, with a weighting of 20%. In the evaluation of other relevant activities, the following factors will be considered:

a) Participation in management activities in institutions of higher education/business or research in the area of Computer Science or in other entities of a scientific, technological or cultural nature that carry out relevant activities within the scope of the mission of the previous ones (5%).

b) Participation in actions and publications of scientific, cultural or technological dissemination, (5%);

c) Participation in the development of extension projects including scientific dissemination and the provision of services to the scientific/educational community, the economic-productive sector and/or the society in general (5%);

d) Organization of scientific or educational events in the scientific area of the application (5%).

VI - Selection process in relative merit

1 - The methodology for selection in relative merit is the following:

a. During the meeting, each member of the selection committee will submit a written document, which will be annexed to the meeting minutes, stating their own ordering of the applicants, of the applicants' scientific performance, pedagogic skills and other relevant activities, and their respective weights. At each ballot, every member of the selection committee will abide by the ordering they submitted, and abstentions are not permitted.

b. The first ballot is intended to determine which applicant is placed at the top of the ordered list.

c. If an applicant obtains more than half of the votes, they shall be ranked first in the ordered list;

d. If two applicants obtain exactly half of the votes each, the president of the selection committee has the casting vote to decide which is ranked first in the ordered list. The selection board president will use as tie-breaking criteria the date the Doctoral degree was conferred, the most recent prevailing;

e. If neither of those two cases c) and d) occurs, a new ballot will take place after elimination of applicants who obtained no, or at least one vote in the previous ballot;

f. If there is a draw between two or more applicants for the position of least-voted, another ballot shall be held to determine which of the least-voted applicants shall be eliminated. At this ballot, selection committee members vote for the applicant ranked last in their own seriation;

g. If there is still a draw between two or more applicants, the selection committee president shall decide which shall be eliminated. The selection committee president will use as tie-breaking criteria the date the Doctoral degree was conferred, the most recent prevailing;

h. After this applicant has been eliminated along with the applicants who received no votes in the first ballot, another ballot will be held to decide which applicant shall be ranked first in the ordered list, continuing to use the same procedure until one applicant obtains more than half the votes for first place;

i. Once an applicant has been placed first on the ordered list, his or her name shall be removed from the voting and the process will be repeated to find the second-placed applicant, and so on until all the applicants have been ordered.

VII - Composition of the Jury

President: Vice-Rector of the University of Algarve, Professor Doctor Nuno Gonçalo Viana Pereira Ferreira Bicho, by delegation of powers from the Rector of the University of Algarve.
