28 Jul 2025

**Job Information**

Organisation/Company	Universidade do Algarve
Research Field	Engineering » Civil engineering
Researcher Profile	First Stage Researcher (R1)
Positions	PhD Positions
Country	Portugal
Application Deadline	8 Aug 2025 - 23:59 (Europe/Lisbon)
Type of Contract	Temporary
Job Status	Full-time
Hours Per Week	35
Offer Starting Date	25 Jul 2025
Is the job funded through the EU Research Framework Programme?	European Union / Next Generation EU
Reference Number	16266
Is the Job related to staff position within a Research Infrastructure?	No

**Offer Description**

International tender to recruit 1 (one) post-doctoral initial level researcher to perform duties in the scientific area of Earth and Environmental Sciences or related areas, under the research project MOBILE: "Reduced complexity modelling of barrier island adaptation to sea level rise", for the Research Unit Centre for Marine and Environmental Research (Centro de Investigação Marinha e Ambiental, CIMA) of Universidade do Algarve in the form of a fixed-term public service contract.

**Where to apply**

## Requirements

Research Field Engineering » Civil engineering

Education Level PhD or equivalent

### Skills/Qualifications

This tender is open to Portuguese citizens, nationals of other countries and stateless persons who hold a doctoral degree in Civil Engineering or related areas and to holders of a scientific and professional curriculum with a profile appropriate for the activity to be developed.

When the PhD has been awarded by a foreign higher education institution, it must comply with the rules established in the Portuguese legal regime for the recognition of foreign higher academic degrees, and the candidate must comply with the formalities required by law until the expiry date of the period allowed for the contract signature, under penalty of exclusion from the tender proceedings.

### Specific Requirements

The requirements set out in point 12 are special requirements, more specifically the successful candidate must:

1. Hold a doctoral degree in civil engineering;
2. Have post-doctoral experience in modelling geomorphological coastal processes;
3. Have post-doctoral research experience in geomorphological evolution and/or resilience of barrier islands at multi-decadal scales;
4. Post-doctoral research experience in sandy (beach, dune) and muddy (marsh) coastal systems will be positively evaluated;
5. Work on the recent geomorphological evolution of the Ria Formosa barrier island system will be positively evaluated;
6. Have proficiency in English (oral and written).

Research Field Engineering » Civil engineering

## Additional Information

### Benefits

The gross monthly salary to be paid shall be € 2.351,53 € (two thousand three hundred and fifty-one euros and fifty-three cents).

### Selection process

INTERNATIONAL TENDER FOR THE RECRUITMENT OF A POST-DOCTORAL ASSOCIATE RESEARCHER

1. Pursuant to the Doctoral Hiring regime to stimulate Scientific and Technological Employment in all knowledge areas approved by the Decree-Law 57/2016 of 29 August, with the wording given by Law 57/2017 of 19 July, and by order of the Rector of the Universidade do Algarve dated Mat the 20th, 2025, authorisation has been given for the opening of an international tender to recruit 1 (one) post-doctoral initial level researcher to perform duties in the scientific area of Earth and Environmental Sciences or related areas, under the research project MOBILE: "Reduced complexity modelling of barrier island adaptation to sea level rise", for the Research Unit Centre for Marine and Environmental Research (Centro de Investigação Marinha e Ambiental, CIMA) of Universidade do Algarve in the form of a fixed-term public service contract.
2. The research project, with reference 16266 and with title project MOBILE: "Reduced complexity modelling of barrier island adaptation to sea level rise" is funded by the European Regional Development Fund (ALGARVE-FEDER-00742700 and LISBON2030-FEDER-00742700).
3. The employment contract has a duration of three (3) years, automatically renewable for further periods of one (1) year, up to a total duration of six (6) years, unless, without prejudice for other grounds for termination or extinction covered by the law, the institution's scientific body proposes to terminate the contract, which must be notified to the interested party within 90 days before the expiry date of the initial contract or of the renewal, based on an unfavourable evaluation of the work developed by the post-doctoral researcher, carried out under the terms of the regulation to be approved, being decisive, in addition to other tasks, the promotion and obtaining of sources of external funds to guarantee future research in the area for which he or she was hired.
4. The tender is open for a period of 10 (ten) business days. The tender notice has been published on the BEP (Public Employment Exchange) under the URL [www.bep.gov.pt](http://www.bep.gov.pt), on Euraxess Portugal Portal at <https://www.euraxess.pt> and on the website of the Universidade do Algarve, at <https://www.ualg.pt/procedimentos-concursais>.
5. Applicable legislation: Decree-Law 57/2016 of 29 August, amended by Law 57/2017 of 19 July, which approves the Doctoral Hiring regime to stimulate Scientific and Technological Employment in all knowledge areas ("RJEC"); the General Law for Public Service Employment approved in the Appendix to Law 35/2014 of 20 June ("LTFP"), in its current wording, Regulatory Decree n.º 11-A/2017 of 29th December and the Code of Administrative Procedure ("CPA").
6. Pursuant to article 16 of Decree-Law 57/2016 of 29 August, amended by Law 57/2017 of 19 July, this tender does not require:
  - a) authorisation from the members of the Government responsible for the areas of taxation and Public Administration, specifically those made reference to in article 7, paragraph 3, of the General Law for Public Service Employment;
  - b) a favourable preliminary opinion from the members of the Government responsible for the areas of taxation and Public Administration, as made reference to in article 30, paragraph 5, of the General Law for Public Service Employment;
  - c) the recruitment procedure for workers undergoing retraining, as made reference to in article 265 of the General Law for Public Service Employment.
7. Pursuant to article 13 of the RJEC, the tender jury panel shall comprise the following members:

President: Dr. Sara Isabel Cacheira Raposo, Assistant Professor/Coordinator of CIMA, Centro de Investigação Marinha e Ambiental (CIMA), Universidade do Algarve

Effective members:

1st Effective member: Dr. Susana Costas, Assistant Researcher, Centro de Investigação Marinha e Ambiental (CIMA), Universidade do Algarve, who replaces the president in her absence or impediment.

Substitute members:

1st Substitute member: Dr. A. Rita Zarcos Carrasco, Assistant Researcher, Centro de Investigação Marinha e Ambiental (CIMA), Universidade do Algarve

2nd Substitute member: Dr. Rui Taborda, Tenured Associate Professor, Faculty of Sciences, Universidade de Lisboa

8. The recruited postdoctoral researcher will perform his/her duties at the Universidade do Algarve Gambelas campus in Faro, notwithstanding occasional situations in which he/she will be asked to perform the duties for which he/she was recruited at a different location.
9. Job responsibilities and duties: Research work on modelling the adaptation of barrier island coastal systems to different spatiotemporal scales and forcing conditions.
10. The postdoctoral researcher may be asked to teach 4 hours per week of curricular units within his/her area of expertise, within a limit of 90 teaching hours per year.
11. The gross monthly salary to be paid shall be € 2.351,53 € (two thousand three hundred and fifty-one euros and fifty-three cents) pursuant jointly to: article 15, paragraph 1, of Decree-Law 57/2016 of 29 August, with the amendments introduced by Law 57/2017 of 19 July; and to Regulatory Decree 11-A/2017 of 29 December, corresponding to level 33 on the Single Salary Scale approved by Ordinance 1553-C/2008 of 31 December.

12. This tender is open to Portuguese citizens, nationals of other countries and stateless persons who hold a doctoral degree in Civil Engineering or related areas and to holders of a scientific and professional curriculum with a profile appropriate for the activity to be developed.

When the PhD has been awarded by a foreign higher education institution, it must comply with the rules established in the Portuguese legal regime for the recognition of foreign higher academic degrees, and the candidate must comply with the formalities required by law until the expiry date of the period allowed for the contract signature, under penalty of exclusion from the tender proceedings.

13. The requirements listed in article 17 of the LTFP are general requirements for applications.

14. The requirements set out in point 12 are special requirements, more specifically the successful candidate must:

- a) Hold a doctoral degree in civil engineering;
- b) Have post-doctoral experience in modelling geomorphological coastal processes;
- c) Have post-doctoral research experience in geomorphological evolution and/or resilience of barrier islands at multi-decadal scales;
- d) Post-doctoral research experience in sandy (beach, dune) and muddy (marsh) coastal systems will be positively evaluated;
- e) Work on the recent geomorphological evolution of the Ria Formosa barrier island system will be positively evaluated;
- f) Have proficiency in English (oral and written).

15. Pursuant to article 5 of the RJEC, selection will be based on the assessment of the scientific and curricular background of each applicant.

16. The evaluation of the scientific and curricular background of each applicant will focus on relevance, quality and topicality of:

- a) scientific, technological, cultural or artistic production in the last five years considered as most relevant by the applicant;
- b) research activities, applied or based in practice, conducted in the last five years and considered as being most impactful by the applicant;
- c) activities to expand and disseminate knowledge carried out in the last five years, specifically in the context of the promotion of culture and scientific practices, considered as most relevant by the applicant;
- d) management activities related to science, technology and innovation programmes, or experience in observing and monitoring the scientific and technological or higher education system in Portugal or abroad.

17. The five-year period mentioned in the previous point may be increased by the panel, at the applicant's request, if the said applicant has suspended his/her scientific activity for reasons such as maternity/paternity leave, prolonged serious illness and other situations of legally-provided-for unavailability to work

18. The assessment criteria defined by the panel in the minutes of the meeting held on ....., pursuant to point 13, are:

- a) The scientific, technological, cultural or artistic production of the last five years considered most relevant by the candidate (14 points);

Particular consideration will be given to the relevance with the scientific area of the tender, as expressed by the number and type of publications (books, articles in international journals with scientific arbitration, and communications at international congresses).

- b) Applied or practice-based research activities carried out in the last five years and considered to have the greatest impact by the candidate (5 points);

Particular consideration will be given to participation in national or international research projects in the scientific area of the tender, as well as the development of new methodologies and numerical models relevant to the project objectives.

- c) Outreach and knowledge dissemination activities carried out in the last five years, namely in the context of promoting culture and scientific practices, considered to be of the greatest relevance by the candidate (0.5 points);

More specifically the following will be considered, if in the area of the tender:

- i. Oral or poster communications at national or international scientific events;
- ii. Practical demonstrations in schools, museums or public spaces;
- iii. Translation of scientific knowledge for non-specialist audiences;
- iv. Mentoring undergraduate and postgraduate students.

- d) Activities in the management of science, technology and innovation programmes, or experience with science, technology and innovation.) or experience in observing and monitoring the scientific and technological system or higher education, in Portugal or abroad (0.5 points).

The management of national or international research projects will be particularly valued.

19. Candidates who have scored below 9.5 points are excluded from the tender procedure.

20. During a second stage of the evaluation process, the panel may, if it deems appropriate, interview the 2 top-scoring/short-listed applicants for the sole purpose of clarifying aspects related to their research findings in order to better assess how suited they are for the job.

21. The final scoring for each applicant will be presented on a scale of 0-20, calculated to decimals.

Final scoring (if there are interviews): the final scoring and consequent rank order of the applicants will be calculated using the formula below and will be expressed on a scale of 0-20:

Where:

FS = Final Score;

ASCP = Assessment of Scientific and Curricular Background;

I = Interview.

If there is a tie, the President of the panel shall have the casting vote.

22. The panel decide by means of a substantiated roll-call vote based on the selection criteria adopted and advertised; abstentions are not permitted.
23. Minutes will be drawn up of each meeting of the panel, with a summary of each meeting's proceedings and the vote cast by each member along with their justification. The applicants will be given access to the minutes whenever they request them.
24. Once the selection criteria have been applied, the panel will draw up an ordered list of the approved applicants and their respective scores.
25. The panel's final decision will be ratified by the Rector of the Universidade do Algarve, who also has the final say on the recruitment.
26. Applications must be formalised by means of a request form provided for the purpose at the Universidade do Algarve's website (<https://www.ualg.pt/en/tender-procedures>), addressed to the Rector of the Universidade do Algarve and delivered:
  - a) by email to the address [srhconcurso@ualg.pt](mailto:srhconcurso@ualg.pt) until 11.59pm of the last day of the tender application period; or
  - b) by registered post with proof of receipt to the Reitor da Universidade do Algarve, Campus da Penha, 8005-139 Faro, postmarked on or before the tender closing date; or
  - c) in person to the University's General Office ("Expediente Geral") on the lower floor of the Administration Building at the Penha Campus in Faro from 9.00 am-12.30 pm or from 2.00 pm - 5.30 pm until the last day of the tender application period.
27. Applications must contain the following: the identification of this job announcement; the applicant's full name, his/her parents' names, the number of their identity document (citizen's card, identity card or equivalent document for non-Portuguese applicants, or passport; the expiry date of the document must be stated); taxpayer number; date and place of birth; marital status; occupation; subject field of their doctoral degree and the date of conclusion; address; telephone number; and e-mail address. Applicants must also give their consent to any communication or notifications within the scope of this tender sent by e-mail.
28. Applications must be accompanied by documentary evidence of the conditions provided for in points 12 and 14 for admission to the tender, i.e.
  - a) A copy of the applicant's doctoral certificate or diploma (one copy in electronic format and printed copy, if delivery by registered post or in person);
  - b) A cover letter highlighting the most significant scientific activities and contributions over the last five years (maximum of 3,000 characters including spaces) pursuant to article 5(2) of the RJEC; a list and copies of three to five published articles considered by the applicant to be representative or most impactful in the subject field (in English) (one copy in electronic format and printed copy, if delivery by registered post or in person);
  - c) A detailed curriculum vitae containing information about the applicant's scientific and curricular background, organised according to the established assessment criteria (in English) (one copy in electronic format and printed copy, if delivery by registered post or in person);
  - d) Other relevant documents for the assessment of the applicant's qualifications in the appropriate subject field (if applicable, a copy in electronic format);
  - e) Other documents which the applicant considers relevant for the appreciation of their application (if applicable, a copy in electronic format);
29. Applications submitted after the closing date stipulated in point 3, as well as those which fail to adhere to all of the formalities or do not contain the required evidence of eligibility, will be rejected.
30. False statements made by the applicant will be punished pursuant to the applicable legislation. Should there be any doubts about the veracity of any statement, the panel may require the applicant to submit further documentary evidence should it deems necessary.
31. Details of meeting/interview dates and times for the purposes of selection will be sent by e-mail with acknowledgement of receipt.
32. The list of admitted and rejected applicants, as well as the final ranking, will be affixed at the Universidade do Algarve's Human Resources Department and published on the University's website, applicants will also be sent this information by e-mail with acknowledgement of receipt.
33. Pursuant to article 121 of the CPA, applicants will be notified of the exclusion decision and of the final classification list draft and will be granted a period of 10 working days to proceed with a preliminary hearing, by which they can, if they so wish, say whatever they deem appropriate.
34. This tender is intended solely for the purpose of filling the indicated positions. It may be cancelled up until the final ordered list of applicants is ratified, and it will expire once the positions in question have been filled.
35. The Universidade do Algarve actively promotes a policy of non-discrimination and equal access. Consequently, no applicant may be privileged, benefited, impaired or denied any right or exempted from any duty because of, specifically, their ancestry, age, gender, sexual orientation, marital status, family circumstances, financial circumstances, education, origin or social condition, genetic heritage, reduced work capacity, disability, chronic illness, nationality, ethnic origin or race, country of origin, native language, religion, political or ideological beliefs or union membership.
36. The panel approved this announcement at the meeting held on June 20th, 2025.
37. Pursuant to Decree-Law 29/2001 of 3 February, disabled applicants take precedence in the event of a tie, the said precedence prevailing over any other legal precedence. On their application form, disabled applicants must state, upon their honour, the degree of their incapacity, the type of disability and the means of communication or expression to be used in the selection process.
38. The Universidade do Algarve states, for the purposes of no. 5 of article 6 of the RJEC, that it does not assume any commitment to consider that it is in its strategic interest to open tender procedures for a scientific research career job or for a teaching career job in higher education.

17 de julho de 2025 - The Rector, Paulo Águas.
